

Nightwish - Dead Boy's Poem

tom:
full of it **A** Born from silence, silence
A perfect concert my best friend
Am **Dm** **F** **G** **F**
So much to live for, so much to die for
Bb **Dm**
If only my heart had a home
Am **Dm**
Sing what you can't say
Gm **F**
Forget what you can't play
Am **Dm** **F** **G**
Hasten to drown into beautiful eyes
Am **Dm** **Gm** **F**
Walk within my poetry, this dying music
Bb **Dm** **Bb**
- My loveletter to nobody

Gm **F** **C** **Bb** **A**
Never sigh for better world
Gm **Eb** **Bb**
It's already composed, played and told
Gm **F** **C** **D**
Every thought the music I write
Eb **Bb** **F**
Everything a wish for the night

Am **Dm** **Gm** **F**
Wrote for the eclipse, wrote for the virgin
Am **Dm** **F** **G**
Died for the beauty the one in the garden
Am **Dm** **Gm** **F**
Created a kingdom, reached for the wisdom
Bb **Dm** **Bb**
Failed in becoming a god

Gm **F** **C** **Bb** **A**
Never sigh for better world

Gm **Eb** **Bb**
It's already composed, played and told
Gm **F** **C** **D**
Every thought the music I write
Eb **Bb** **F**
Everything a wish for the night

"If you read this line, remember not the hand that wrote it
Remember only the verse, songmaker's cry, the one without
tears
For I've given this its strength and it has become my only
strength
Comforting home, mother's lap, chance for immortality
Where being wanted became a thrill I never knew
The sweet piano writing down my life"

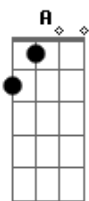

[Solo]

"Teach me passion for I fear it's gone
Show me love, hold the lorn
So much more I wanted to give to the ones who love me
I'm sorry
Time will tell (this bitter farewell)
I live no more to shame nor me nor you
And you... I wish I didn't feel for you anymore..."

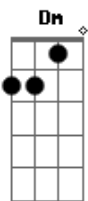

G **G** **G** **G** **C** **F** **Eb** **F** **G**
G **F** **G** **F** **Eb** **D** **Eb** **C** **G** **F** **G** **F** **Eb** **D** **Eb** **C**
A lonely soul... An ocean soul
