

NIKI - Backburner

tom:

Intro: G D Am C

[Primeira Parte]

I can't lie, it feels nice that you're calling
 You sound sad and alone, and you're stalling
 And for once, I don't care about what you want
 As long as we keep talking (As long as we're talking)
 I mean, you gotta admit the history's kind of unmatched
 Asian Calvinism, we made it out of that
 Well, whether we're free of will or predestined
 Clearly, I've not learned my lesson even now
 Hope he doesn't strike me down (Strike me down)

[Pré-Refrão]

The Goo Goo Dolls are dead to me
 The way you should be, too
 But you bring them up
 Along with how much I fucking miss you

[Refrão]

Maybe I'm just not better than this, I haven't tried
 Maybe life's less romantic when I don't wanna die
 You'd think I'd be a fast learner
 But guess I won't ever mind crisping up on your backburner

[Pós-Refrão]

Backburner
 Your backburner
 Your backburner
 Your backburner

[Segunda Parte]

Acordes

It's pathetic, but at least you are, too
 I don't know what to do
 I don't like anyone except sometimes you
 And now you're sounding like a hurt puppy
 You look ugly when you cry
 But I'm the one you think to call
 How do you feel lucky and appalled at the same time?
 After everything you put me through
 I somehow still believe in you, oh-oh
 [Pré-Refrão 2]

But I know in a week or so
 You'll fade away again
 And I wish that I cared
 Hey, are you still there? Good

[Refrão 2]

Maybe I'm just not better than this, I haven't tried
 'Cause maybe you'll finally choose me after you've had more time

I thought I was a fast learner
 But guess I won't ever mind, guess I won't ever mind
 Maybe I blame my mother bleeding into my stride
 Maybe it was my father and his wandering eyes
 (It's their fault that) I'll always be in your corner

'Cause I don't feel alive 'til I'm burnin' on your backburner, oh-oh

[Final]

Oh, and I know that it's sad that I settle for the backburner, oh-oh
 Oh, guess I won't ever mind crisping up on your backburner, oh-oh
 Oh, as long as you still think of me, oh, oh-oh (backburner)
