

Nilson Negrão - O Tempo

tom:

Intro: Cadd9 C7 G7 F7 Cadd9 C7 F7 G7

Se é pra falar de amor

Escute o coração

Só com você eu vou

Nas asas da canção

Eu hoje acordei lembrando sonhos

Se for tocar o ar

Navegue mil desejos

Sentir o respirar

É bom de manhã cedo

Eu me reservo não chorar

É inútil desistir

Me transformo vou além de mim

Quando sempre chega o fim

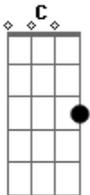

Deixa fazer o tempo vai passar

Deixa que o hoje é dia pra sonhar

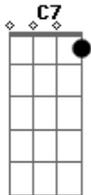

Deixa fluir, correr um mar de amor

E as ondas que há

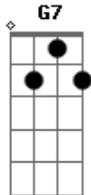

Acordes
