

Nina Nesbitt - Seesaw

Tom: C

(com acordes na forma de G)
Capostrate na 5ª casa

Wanna make my eyes shut
But I've just come in half cut
and I know I won't sleep tonight

I just wanna call you up
But tonight I really fucked it up
Cause I can't ever do things right

Tonight we're sat on the seesaw watching me fall
Down
We are not equal what I did was evil
Like cheating in the playground

We're on the seesaw but I'm the one to fall
Keep going down down down
We're on the seesaw but I'm the one to fall
Keep going down down down

G, C, G
Alone

Next morning I wake up
My eyes still caked it make up
I cant believe I said those things to you
Baby I didn't mean to but it's pointless trying to prove to ya
It's only something alcohol may do
Tonight we're sat on the seesaw watching me fall

Down
We are not equal what I did was evil
Like cheating in the playground
We're on the seesaw but I'm the one to fall
Keep going down down down
We're on the seesaw but I'm the one to fall
Keep going down down down
And my words came tumbling out
just as you turn around I can see by your frown
you're leaving me to drown
Head is spinning now like a merry go round
But this love Is not a playground

= Toque o acorde uma vez e depois abafe

We're on the seesaw
And I'm the one to fall I keep going down down down
We're on the seesaw
And I'm the one to fall I keep going down down down

Down down down I'm falling
Down down down I'm falling,
falling down

Down down down I'm falling
Down down down I'm falling,
falling down
On the seesaw
