a warm place

there you have it. even though a warm place was arranged for the keyboard, it still sounds good in guitar. remember to print in notepad for windows or ms-dos prompt so it would line up. comments, suggestions, questions, etc., email

Here's the keyboard and guitar tablature for Nine Inch Nail's **A WARM PLACE** from _The Downward Spiral_
Transcribed by: Andy Kershaw
NIN

First this is the guitar part, played with an acoustic sound...

Listen to it on the **CD** _The Downward Spiral_ or the _Natural Born Killers_ soundtrack to get the timing right.

Now the synth part...
Again, listen on the **CD** to get the timing right. Use a warm organ-tpye synth sound, played around mid to lower keyboard. The first is all chords:
D minor
C major

Bb major

F major
Then the second part is first single notes, then progresses to chords...

It goes:

G
F
G
F
G (hold)
F (hold)
Eb

Then you play:

G
Bb
Eb

Then play these chords

G minor

Bb major
Eb major

This should get you through the song. Again, if you've never heard it before
I'd advise you listen to it and get a feel for it.
