 By Psylicp Coval
 =====

[INTRO] Synth line arranged for guitar

[VERSE_1]
 He sewed his eyes shut because he is
 afraid to see what I put inside
 He tries to tell me
 of me He's got the answers to ease my
 curiosity He dreamed a god up and called it
 christianity

[CHORUS] Chorus riff
 (Your) god is dead and no one cares
 if there is a hell I'll see you there

[PRE_VERSE] Cool little riff x6

[VERSE_2] w/ cool riff
 he flexed his muscles to keep his
 flock of sheep in line
 he made a virus that would kill off
 all the swine
 his perfect kingdom of killing,
 suffering and pain atrocities done in
 demands devotion
 his name

[CHORUS] x2 god is dead.....hell I'll see you there

[BREAK] perc/synth line:

Then add the Outro guitar part:

[CHORUS] god is dead.....hell I'll see you there
 [OUTRO] {sort of confused chorus part}
 / (your god is dead) (and no one cares)
 your god is dead and
 no one cares

/(drowning in his own hypocrisy)
 if there is a hell I
 will see you there

? burning with your god in humility
 ? { extra }
 ? will you die for this?
 ? {words ?}

_____ [niNOTES] _____

Words of "Mommy" :
 This is an interestin tune...tune down to DROP **D** for
 this one...
 The outro at first sounds like it changes every other
 measure,
 but if you listen really closely, it's all synth noise
 that I couldn't hear well enough to TAB out...

Words of "Psylicp" :
 This song is full of "parasit" noises. That's why the
 chorus part
 and the outro sound weird to me. Anyway all others
 sound good.
 I'm not sure trent "sings" all the outro the way it is
 printed
 And last "if there is a hell" could be ~ "it's that
 all I have".
