

Nira Sol - The Endless Way

tom:
Intro: Bb Eb Bb Gm Bb

[Primeira Parte]

Bb
We carved our path through jagged rain
Wounds we bore, yet love remained
Each step a battle, each night a vow
With you, I'm fearless, here and now
Oh, my heart's a beacon, burning bright
I'll hold the dark, turn it to light
Your rock, your anchor, I'll make you soar
Together, we'll open every door

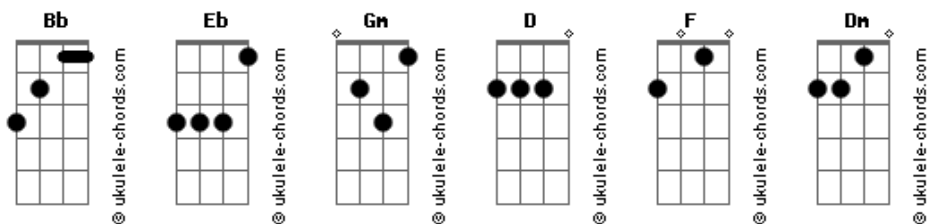

[Refrão]

We'll rise where horizons never fade
I'm your shield, your spark, your endless flame
No storm can break us, we'll overcome
Our love's the pulse that beats as one
Oh-oh-oh, we're tougher than the fight
Oh-oh-oh, we shine through endless night
