

## Nirinjan Kaur - I Am (feat. Matthew Schoening & Ram Dass)

```
Separation
                           tom:
                                                             But you're here
                       C
Through the earth
                                                             I am, I am, I am, I am
Through the sky
                                                                    F
                                                                          Am
                                                             I am, I am, I am, I am
Through the water
         G
Through the mist in my eyes
                                                             I bless myself
Your presence
                                                             I bless myself
                                                             I am, I am
 Rising in my heart
                                                              Dm
                                                             I bless myself
 Singing through me
                                                             I bless myself
 Your song in me
                                                             I am, I am
Is heard
                                                                 C
 C F
            Am
                                                             I see you in another's eyes
I am, I am, I am, I am
                                                               Em
                                                             You speak to me through their lips
            Am
I am, I am, I am
                                                             In their story
I bless myself
                                                             In our lives
I bless myself
                                                             You are here
I am, I am
                                                             I am, I am, I am, I am
 Dm
I bless myself
                                                                          Αm
                                                             I am, I am, I am, I am
I bless myself
                                                                    F
                                                                         Am
                                                             I am, I am, I am I am
I am, I am
                                                                   F Am
                                                             I am, I am, I am, I am
My love
                                                             Hare, hare wahe guru
Reach beyond my skin
                                                                      Dm F
                                                             Hare, hare wahe guru
      Dm
What is lost
                                                             Hare, hare wahe guru
What was taken
                                                                       Am F
                                                             Hare, hare wahe guru
 So painfully with had
```
