

## Nirvana - And I Love Her

```
I know this love of mine
                           tom:
               Abm (forma dos acordes no tom de Am )
                                                             Will never die
                          Afinação: Eb Ab Db Gb Bb Eb
                                                                  G
                                                             And I love her
           Afinação: Eb Ab Db Gb Bb Eb
Intro: Am Em
                                                             A love like ours, will never die
                                                            B G
                                                                                        A (Riff 1)
                                                             As long as I hold you near me
           Em
She gives me everything
                                                            Bright are the stars that shine
Am Em (Riff 1)
\mathsf{Am}
        Em (Riff 1)
And tenderly
                                                            Dark is the sky
     Ém
Am
                                                                       Em
The kiss my lover brings
                                                            I know this love of mine
                                                                   D
       D
                                                             Will never die
She brings to me
    G (Riff 1)
                                                                  G
                                                            And I love her
And I love her
             Em
                                                             [Final] Am Em Am Em
Bright are the stars that shine
Am Em (Riff 1)
```
