

Nirvana - Downer

Tom: **Bb**

Then the gitter comes in:

The verse is bass only, doing the same the intro stuff.

On "Fight!", the gitter comes in again:

Then the gitter does this (in sync w/the bass):

Then it goes into the chorus ("Somebody served a dinner..."):

Downer

Put your sincerity
I've got a royalty
Defending your country
Wish away

I've had a lobotomy

Save your family
Surrealistic fantasy
Bad boy

Fight!

All we know is
Restitution
Living out your
Date of future
There's a hope
Please show me faster
Don't forget
To pass a riot

Somebody served a dinner
Much like I am
I know I can't
Make enough although
If you go along
I sing your song

Sickening pessimists
Picketing masses
Separated communists
Apocalyptic bastards
Rinkydink God
For putting me on this Earth
Being very frivolous
Death in mind
