

Nirvana - In Bloom

```
(Riff 1) Bb G F Ab (2x)
Intro: Riff 1 - 2x: Bb G F Ab
                                                            Segunda parte:
                                                            We can have some more
                                                            Nature is a whore
                                                            Bb Gb Eb B A
Bruises on the fruit
Riff 2 - 2x: Bb Gb Eb B A
                                                             Bb Gb Eb B D
                                                            Tender age in bloom
Primeira parte:
                                                            Refrão:
                                                                                Bb
                                                                                              G
                                                             Bh
Sell the kids for food
                                                            He's the one who likes all our pretty songs and he
Weather changes moods
                                                                        G
                                                                                     Bb
                                                            likes to sing along, and he likes to shoot his guns,
          Gb
                Eb B A
                                                                  С
                                                                                    Eb
Spring is here again
Bb Gb Eb B D
                                                            but he don't know what it means
                                                                              Eb
                                                            Don't know what it means and I say...
Reproductive glands and
                                                            (Riff 1)
                                                            Solo:
Refrão:
      G
                   Bb
                                  G
Bb
He's the one who likes all our pretty songs and he
           G
                        Bb
                                                            (Refrão)
likes to sing along, and he likes to shoot his guns,
      C
                                                            (Riff 1)
                     Eb
but he don't know what it means
                 Eb
```

Don't know what it means and I say...
