Mexican Seafood

Oh, it's your face, it isn't even  
true the jaws and claims

you entertain and chew the fungus mold  
is my intraction  
oh, it's only a, it is infection.  
Only her tonight, until I pay  
Only her tonight, I fell asleep  
Oh, coming from, the diarrhea  
Oh, her tired form  
I come in peace and live a dirty book  
on the cloudy class, fender burn, and become a childhood mess  
Only her tonight, until I plea  
Only her tonight, until I sing  
Oh, take me back, lets just concise some  
flies, bugs and fleas and even meal can't  
stain the vaseline  
It's headed burger's out  
in case it learns and takes it's childhood such
