

Nissu - Forever Mine

Tom: **G**

Intro: **G D Em C**

G D Em C

When the World says

It seems wrong

There's something about you

that makes me strong

G D Em C

You're like a song

And I know

My place is here, beside you

D C

Before I met you

Nothing make sense

I didn't know what was real love

But today, I can say

My world turns around yours

G D Em C

I can't explain, when you hug me

I feel secure, not afraid anymore

How can I understand? that you change

and turn my life "upside down"

Together, we can have it all

G D Em C

When You look at me

When you touch me

Make me feel things that I never felt

G D Em C

When you kiss me

When you love me

I feel that you were made for me

D C

Before I met you

Nothing make sense

I didn't know what was real love

But today, I can say

My world turns around yours

G D Em C

I can't explain, when you hug me

I feel secure, not afraid anymore

How can I understand? that you change

and turn my life "upside down"

Together, we can have it all

D C

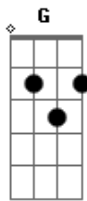

I tried to put into this song

Feelings for the love of my life

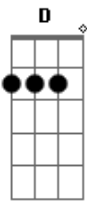

Sorry, but word are not enough

Because you'll be Forever Mine
