

No One Spoke - Blue Way

tom:

Dm

The streets are empty, the wind is blowing **C**
Gm.
Carrying my lonely thoughts away **F C**
Dm **C**
My feet are trembling on the heavy ground
Gm
Trying to accomplish
F C
The tasks I have to do
Gm Bb
I stare at the mask but
F Bb
It's hard to put it on my face

I try to smile but
F C
It's all fading away

Dm C
I'm falling 'till the end of times
Gm Bb
The darkness I embrace
Dm C
With a heavy heart
Dm C

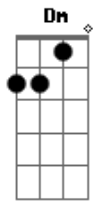

Hoping to survive for you
Gm Bb
To guide you, to sustain you
Dm C **Dm**
So you can walk alone through your way

Dm C
The blue way carelessly embraces you
Gm F C
Even if I try to keep it away
Dm
I've learned the hard way
C
That life can't be controlled
Gm
But it will guide and conduct you
F C
I'll pray for you to be safe

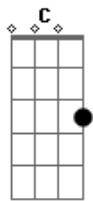

Gm Bb F
Just sing to me and words
Bb
Will flow through you soul

The sweetest way to show
F C
That finally you're home
