

# Noah Kahan - Save Me

Tom: G

I'm so passive, too sarcastic  
 Shut you out just out of habit  
 I don't know  
 So I spent five months out here treading water  
 Now I wonder why you bothered  
 I don't know  
 Let me go

Why do you keep reaching for my hand?  
 Do you see something I can't?  
 Why do you try to save me?  
 This fate is well deserved  
 I only make things worse  
 Why do you try to save me?

Have I served my sentence? Learned my lesson?  
 Healed those wounds from my indiscretions?  
 I don't know  
 I still so selfish? Exile ended?

What do you see in my misdirections?  
 I don't know  
 Let me go

Why do you keep reaching for my hand?  
 Do you see something I can't?  
 Why do you try to save me?  
 This fate is well deserved  
 I only make things worse  
 Why do you try to save me?

And sometimes, I pray  
 That maybe I will change  
 Into who you think I am

Why do you keep reaching for my hand?  
 Do you see something I can't?  
 Why do you try to save me?  
 This fate is well deserved  
 I only make things worse  
 Why do you try to save me?  
 Why do you try to save me?
