Intro: Em G C C

Em G C C

[Verse 1]

I can't recall the last time that we

Talked

About anything but looking out for
Cops

We got cigarette burns in the same

Side of our hands

We ain't friends, we're just morons

Who broke skin in the same spot

But I've never seen you take a turn

That wide

And I'm high enough to still care if

I die

So I tried to read the thoughts that

You'd worked overtime to stop

You said, "Fuck off," and I said

Nothin' for a while

[Pre-Chorus]

You know I think about you all the

Time

And my deep misunderstanding of

Your life

And how bad it must have been for

You back then

And how hard it was to keep it all

Inside

[Chorus]

I hope you settle down, I hope you

Marry rich

I hope you're scared of only

Ordinary shit

Like murderers and ghosts and

Cancer on your skin

And not your soul and what He

Might do with it

[Interlude]

[Verse 2]

G

Am

You inched yourself across the great

Divide

While we drove aimlessly along the

Twin State line

I heard nothing but the bass in

Every ballad that you'd play

While you swore to God the singer

Read your mind

But the world is scared of

Hesitating things

Yeah, they only shoot the birds who

Cannot sing

And I'm finally aware of how shitty

And unfair

It was to stare ahead like

Everything was fine

[Pre-Chorus]

You know I think about you all the

Time

And my deep misunderstanding of

Your life

And how bad it must have been for

You back then

And how hard it was to keep it all

Inside

[Chorus]

I hope you settle down, I hope you

Marry rich (Oh-oh)

I hope you're scared of only

Ordinary shit (Oh-oh)

Like murderers and ghosts and cancer

On your skin (Oh-oh)

And not your soul and what He

Might do with it

[Post-Chorus]

Em G C

Ah-oh

[Bridge]

Rage, in small ways

Did you wish that I could know

That you'd fade to some place

I wasn't brave enough to go?

[Chorus]

I hope you settle down, I hope you
