

# Noel Gallagher - Freaky Teeth

Tom: A

(com acordes na forma de Capotraste na 2ª casa Intro: 4x: Em Em Em Em G )

Well, they knew you were coming down  
 On the darkness at the edge of town  
 And they came to steal the lightning from the sky  
 Yeah, the push might come to shove  
 And your love might not be enough  
 To free you from the fears that paralyse

Am C Em Em Em Em Em  
 Yet they used to love you for the way you sang your soul  
 Am C  
 Now they've come to claim you through the night  
 G B7  
 The ghosts have come to steal the light outta your eyes

But your mama and your wife  
 Cuts your heart out with a knife  
 And they left you for the dogs to lick your bones  
 They made you cry the rain  
 But they love you just the same  
 Em Em  
 Before your god, and the devil, took your soul

Tell me what did you bequeath  
 To the girl with the freaky teeth  
 Well, she shown you things she'd stolen from the queen  
 She'll have your hearts desire  
 As she danced back into the fire

With the Holy Men who stole your tambourine  
 Am C Em Em Em Em Em  
 Yet they used to love you for the way you sang your soul
