

Noel Gallagher - God Help Us All

Tom: G

Intro: Am C

Am

God help us all

If the heeeeeeavens are to fall

Am

Stay by my side

If the skyyy rips open wide

Don't wait for me

If I'm not here when you return

If there's a God

You'll be crashing when you burn

You could steal white light

That shines upon the world one left to go

Singing out shaaaaaalaalalala

If I'm just a man

Would I feel God's shifting sand

Come set me free

Cos the world won't let me be

Don't wait for me

If I'm not here when you return

If there's a God

You'll be crashing when you burn

You could steal white light

That shines upon the world one left to go

Singing out shaaaaaalaalalala
