

# Nofx - Usa-holes

Tom: **G**  
Intro: Baixo:

The captain orders the ship to stay the course

Riff Intro:

Baixo e vocal:  
Full speed ahead shouts the accurst  
The next thing we heard was, Richard women and children first

Verso:  
It's like seeing a car crash from inside the car  
The driver's got his head craned back he's telling you a joke

Refrão:  
The ship is listing, the captain's placing blame on the iceberg

You see the bus on collision course  
You point your arm and turn your head and wait for the impact

That berg attacked us, I am declaring war on the Arctic

Refrão:  
This is the feeling we learn to live with in North America...

Passagem:  
Who could ever have predicted the greatest ship could so easily sink... (duh)

The morning headlines always accompanied with sweat and nausea Solo:

Passagem:  
Every week another puzzle piece gets permanently glued into place

Outro:  
Lifeboats are useless without rescue  
The only ships show up for salvage...

Baixo e vocal:  
We see the iceberg from 15 miles away

Riff final:
