Norah Jones - Humble Me

Tom: A	Chorus: Lord	vou humble	you humble me Lord		
Tabbed by: Stuart Lowe	2010	, ou			
Note: There is a "Eb" root note in the chorus on the word "knees" and "please" in the original recording. This suggests it was probably played on a 7-string guitar, perhaps using a capo. I have tabbed this to be playable on the 6-string guitar most of us own, with open strings, that is no capo. I have used "B" to replace the "Eb" which works just fine. Intro:	I'm on my me	knees	empty	you humble	
	Lord you humble me Lord				
	please, please,	please	forgive me		
Verses: out on a limb gone too far broke down at the side of the road	The remaining verses and chorus can be played similar to the tab above:				
	Baby Teresa she's got your eyes I see you all the time when she asks about her daddy I never know what to say				
stranded at the outskirts and sun's creepin' up	,				
	Note: In the previous verse, there is a variation on the last bar:				
baby's in the back seat still fast asleep dreamin' of better days					
I don't want to call you but you're all I have to turn to	Heard you kicked the bottle and helped to build the church you carry an honest wage is it true you have somebody keeping you company ?				
What do you say when it's all gone away?		ve somebody ke	eping you company :		
baby I didn't mean to hurt you	What do you say when it's all gone away ? baby I didn't mean to hurt you truth spoke in whispers will tear you apart no matter how hard you resist it it never rains when I want it to				
truth spoke in whispers will tear you apart					
no matter how hard you resist it	You humble me Lor humble me Lord I'm on my knees e	mpty			
it never rains when you want it to You humble me	you humble me Lord you humble me Lord please, please, please forgive me				
	you humble me.
