

Norah Jones - Prettiest thing

Tom: **C**

Intro: **CMaj7**

The prettiest thing **CMaj7**

I ever did see **B7**

Was lightning from the top of a cloud **F** **Em** **Dm**

Moving through the dark a million miles an hour **G**

With somewhere to be **F** **G**

So why does it seem

Like a picture

Hanging up on someone else's wall

Lately I just haven't been myself at all

It's heavy on my mind

Am **Bb** **F** **F** **F**
I'm dreamin' again

Am **Bb** **F** **F** **F**
Like I've always been

Am **Bb** **F** **F** **F**
And way down low

Am **G**
I still know

The prettiest thing

I ever did see

Was dusty as the handle on the door

Rusty as a nail stuck in the old pine floor

Looks like home to me

I'm dreamin' again

Like I've always been

And way down low

Am **G** **CMaj7** **B7** **CMaj7** **B7** ...
I'm thinkin' of the prettiest thing

Acordes
