

# Nothing But Thieves - Keeping You Around

tom:

A

Your lips want anyone else, mine taste like everyone else  
Oh, that's a tragedy

A Dm  
Trying not to pity myself you fall back into yourself  
Oh, what a mess we're in

A Dm Bb  
Slow down, show me

A Dm Bb  
Tell me, how a modern human should be?  
It's so easy

A Dm Bb F  
You're so pretty when you lie to me  
But how much blame can we take babe? Ohoh  
When all our friends are so shady

A Dm  
Your lips want anyone else, mine taste like everyone else  
Oh, that's a tragedy

A Dm  
Trying not to pity myself you fall back into yourself  
Oh, what a mess we're in

A Dm  
I've got more hope of killing war  
Or seeing sound Ahah

A Dm  
Than I've got of keeping you around  
Of keeping you around, of keeping you around

A Dm Bb  
Dead club, so low

A Dm Bb F  
So good at pretending that it's fun though  
Head Fuck, won't go

A Dm Bb F  
So tired of being tired, you know  
I wish I could make it ea-sy, ohoh

I'm still a broken machine, babe

A Dm  
Your lips want anyone else, mine taste like everyone else  
Oh, that's a tragedy

A Dm  
Trying not to pity myself you fall back into yourself  
Oh, what a mess we're in

A Dm  
I've got more hope of killing war  
Or seeing sound Ahah

A Dm  
Than I've got of keeping you around  
Of keeping you around, of keeping you around

Gm  
Build something up just to knock it down  
Live a quiet life in a quiet town

Gm  
Maybe everyone will forget me now  
Could you just start over?

Gm  
Build something up just to knock it down  
Live a quiet life in a quiet town

Gm  
Maybe everyone could forget me now  
Could we just start over?

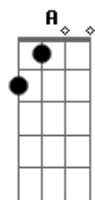

A Dm  
Your lips want anyone else, mine taste like everyone else  
Oh, that's a tragedy

A Dm  
Trying not to pity myself you fall back into yourself  
Oh, what a mess we're in

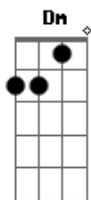

A Dm  
I've got more hope of killing war  
Or seeing sound Ahah

A Dm  
Than I've got of keeping you around  
Of keeping you around, of keeping you around
