

Nothing More - This Is The Time Ballast

tom:
 When did we become these sinking stones?
 When did we build this broken home?
 Holding each other like ransom notes
 Dropping our hearts to grip our brother's throats

[Pré-Refrão]

You can't see because you don't know
 You're caught below, beneath your own shadow
 Stuck inside, half alive
 Do you ever stop to ask yourself why?
 Close your mind, identify
 Do you feel, do you feel, do you call this a life?
 All you waited for, drowning just to keep score

We always start with good intentions
 But lose ourselves along the way

[Refrão]

This is the time that we let it go
 These are the words that will take us home
 Singing the song that's inside us all
 If we don't open our eyes we're walking blind

Anchored in anger, we exile ourselves
 Bitter blood builds our prison cell
 Darker water now fills our lungs
 The depths of our heart have blacked the sun

Naked we come, naked we leave

Fools we are, to hold tightly
 We are free, we are free
 We are the jail, we are the key, We are the jail, we are the key

[Refrão]

This is the time that we let it go
 These are the words that will save us all
 Singing the song that's inside us all
 If we just open our eyes

This is the time that we let it go
 This is the pain we are forced to know
 Singing the song that's inside, inside us all, inside us all
