

Nothing, Nowhere - Hopes Up

Tom: A

m
When I think of love I see your face
F C Am
But when I think of you I think of pain
C
My heart and mind are not on the same page
Am
It's obvious I get carried away
Am
All of the things that I don't know
All of the feelings I don't show
F
My mind doesn't know where to go tho
Dm
Got me standing in place like a photo
Am
But I know you don't know
I should know by now
F
That every time that I make up my mind
Dm Am
And you know it's too late cuz I ran outta time
And you know it

Am
Now it's 3AM and I'm on the phone
F
Checking on your page while I'm all alone
C
You'd think I'd learn or I'd try to change
Am
Why does this always end the same?

F Am
I'm tired of falling out of love
G F
I'm tired of the rise and fall
Am
I'll leave before it starts
Dm
Cuz I don't wanna get my hopes up
F Am
I'm tired of falling out of love
G F
I'm tired of the rise and fall
Am
I'll leave before it starts
Dm
Cuz I don't wanna get my hopes up

Am F C
I play it all inside my head so I remember
Am F
I think about the way we were back in November
Dm Am F Am
Every moment that I waste on holding out for one more chance
F
Isn't worth the pain I hold so close to me

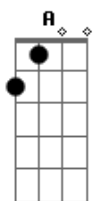

Dm
Wish I could forget it all!
