

Nova Tentação - Pagode Na Quebrada

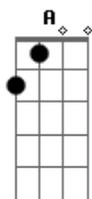

Tom: A

m

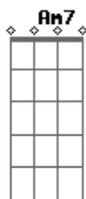

Eu vou tirar onda com a rapaziada
 Tem pagode na quebrada cerveja e mulher
 Já estou vendo que o dia hoje vai clarear
 Nossa festa já começa sem hora pra acabar
 A galera tá no clima o sol ta de racha
 Bota a gelada no gelo se não vai esquentar
 Se liga na gatinha que acabou de chegar

Vou mandar o papo reto e não vou deixar passar
 E no balanço do batuque as mina pira e dança a noite inteira
 Bota o sorriso no rosto que aqui não tem lugar pra choradeira
 Se arruma porque aqui ninguém desarruma pra querer brigar
 Só família, se alguém sair da linha a gente põe pra andar
 Lelele Laia Lelele Laia
 O nosso samba contagia em qualquer lugar
 Lelele Laia Lelele Laia
 Se quer pagode de verdade, vem pra cá sambar
