tom:
Capostrate na 3ª casa

Hold all in your hold all

Bring your foal

Cold shawl, near swallow

Skin and soul

All preying on your old scrawl

Of your front crawl, on your bone

Oh, painted on your own wall

In an oval, ring your goal

All your love overgrown

All your body undersold

All above, all your waiting coming home

(G Am Em D)

Acordes

Hollow all your arrows

All aglow

Follow, you're Apollo

Us below

All praying in your shallows

I'll hallow

Overflow

Oh, scaling all your shadows

To your marrow

To atone

All your love overgrown

All your body undersold

All above, all your waiting coming home
