

'NSYNC - Up against the wall

Tom: **C**

You know we don't care at all let, let me see you up, up
against the wall

(**Am** - **Dm**) **A** música inteira

I was just doin' my thing
Hanging out at the spot
You know the place we go
The music's John Blaze hot
And everybody was feeling the DJ
Smoke cleared and I saw this beautiful lady
The lights went low and the disco ball came down
She walked up to me slow and you know what happens now
The girl was fine and she knew she had game
What more do I have to say

She took my hand
We never said a word at all
We started grinding
Shorty had me up against the wall
Ask me about tomorrow
You know that I don't care at all
I just got caught up when she had me up against the wall
You know we don't care at all
(Just get caught up when you're up against the wall)
(We don't, we don't care at all)
(Just get caught up when you're up against the wall)
(We don't, we don't care at all)

It's almost 2 o'clock
It's time to make my move
The after hours spot
Is where I'm going to
'Cause I gotta have some more
Looking for somebody to hit the dance floor
And lucky for me I see a fine young lady's eying me
The lights are low and our friends were all around
I walked up to her slow and you know what happens now
She turned around and she worked in the worst way
What more do I have to say

Shorty had me up against the wall

Mirror mirror on the wall, who's the cutest one you saw?
She's underneath the disco ball, the disco ball, the disco ball
Standing next to strobe lights, dancin' hot, looking tight
The freak show do come out at night, out at night, night,
night, night
What more do I have to say
