We haven't spoken in so long dear
G C
This year has gone by in a blur

Today seems everything's gone wrong here

I'm looking for the way things were

Em F
I know you'd laugh and call me tragic
C G
For everything's in disarray
C F
These rooms were always full of magic
G C F C G
That's vanished.....since you went away

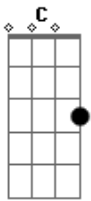

Am Em
Winter has gone
C G

But not from this room
Am Em
Snow's left the lane
F G C
But the cherry trees forgot to bloom

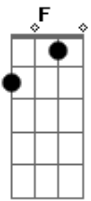

C F
I'll carry on the way you told me
G C
I say that like I have a choice
C F
And though you are not here to hold me
G C
In the echoes I can hear your voice

Em F
Still one question fills my day dear
C G
The answer I most longed to know
C F
Each moment since you went away dear
G C
My question Kate is...where'd you go?
(F C G C)
