

Oasis - Carry Us All

Tom: C
Intro: -----

Verso 1

I heard a whisper on my radio but I paid no mind
I just sat back and I let it go
To catch the rain from a lonely waterfall
But I might beware
Because they could drown me like a dog

Ponte

They got me running in & out of time
I feel like i'm bonified
A keeper of right and wrong
And I've known all along
So let me just make clear

Refrão 1

Everybody's going for a quick sure fire solution
But faith in any god will only bury us all
Nobody's gonna fight in a ten bob revolution
Have faith in what you got and it will carry us all
Carry us all

Dm G Dm G

Verso 2

I slipped my skin as the prophets reappeared
But I pay no mind

I'm just trying to perservere
With the sins I have to shake from me within
But I might beware

Cos they're just trying to wear me thin

Ponte

They got me running in & out of time

I feel like i'm bona fide
A keeper of right and wrong

And I've known all along

But let me just make clear

Refrão 2

Everybody's going for a quick sure fire solution
But faith in any god will only bury us all
No-ones gonna fight in your ten bob revolution
Have faith in what you got it's gonna carry us all
Carry us all
