

Oasis - Columbia

Tom: **A**

Tab Key:

b = bend (7b8 means bend the string at the 7th fret to make approximately the note that the string would make if it were played at the 8th fret with no bend)
r = release bend
h = hammer on
p = pull off
x = mute the string with one of your fingers

NOTE: Though most of the song just goes from "A" to "D" to "C", here's how Noel plays along with those basic chords when the guitar first comes in at the beginning of the song until the first chorus:
