```
A        Aadd11    am7Madd11        A          Aadd11
Help me   To find a light thats shining on me
          am7Madd11        A          Aadd11
To get back what we've taken from me
               am7Madd11      A
With a little fire where it's cold
```

A Aadd11 am7Madd11

```
A        Aadd11        am7Madd11      A        Aadd11
Show me        that path that leads to all the glory
               am7Madd11    A      Aadd11
The words that tell a sacred story
          am7Madd11      A
with a little fire where it's cold
```

```
               A                G        D
Wanna live in a dream, in my record machine
                    A                    G      D
I wanna piece of the world and everyone inside my mouth
                    A                G        D
Coz all the money I waste, isn't a matter of taste
                    A                          G
D
I wanna piece of the world and you can't make me spit it out
```

```
                    A        G      D
A        G        D          A        G
Take me, back from the darkness where it sent me
               D          A        G
Give hope to places where it can't be
               D      A        G      D
With a little fire where it's cold
```

```
               A                G        D
Wanna live in a dream, in my record machine
                    A                    G      D
I wanna piece of the world and everyone inside my mouth
                    A                G      D

Strum A

```
A   G   D   F
A   G   D   E
A   G   D   F
A   G   D   E   G
```

```
F           G              C          G
Can't give me a reason, I'm gonna need one to shine
F           G                    C        G
Can't give me the feelings, coz they're already mine
F           G              C      G          F
Yeah one in million, but the sun won't rise on my soul
          E
Then I'll go oh oh oh oh
```

```
A         G        D
