Intro: & opening guitar solo

[NOTE: there are 2 guitars playing at once in the intro, below is an attempt to fuse the two into 1 guitar part]

r:release the bend
h:hammer on (use only one pick stroke and hammer on second note with another finger)
p:pull off (opposite of hammer on)

Verse

Am **G** **F**
Slide away - and give it all you've got
Am **G** **F**
My today - fell in from the top
Am **G** **F**
I dream of you - and all the things you say
Am **G** **F**
I wonder where you are now

Hold me down - all the world's asleep
I need you now - you've knocked me off my feet
I dream of you - we talk of growing old
But you said please don't!
