 Talking to the songbird yesterday

 Flew me to a past not far away

 She's a little pilot in my mind

 Singing songs of love to pass the time

G
 Gonna write a song so she can see
                  D      Em7
 Give her all the love she gives to me

Em7
 Talk of better days that have yet to come
                   D        G
 Never felt this love from anyone
```

[Chorus]

 She's not anyone
```

A man can never dream these kinds of things
                           D       Em7
 Especially when she came and spread her wings

 Whispered in my ear the things I'd like
                  D       G
 Then she flew away into the night

G
 Gonna write a song so she can see
                   D      Em7
 Give her all the love she gives to me

Em7
 Talk of better days that have yet to come
                   D        G
 Never felt this love from anyone
```
