Oasis - Stop The Clocks

Tom: D
Intro: A

verse:
```
  A                                  Em
Stop the clocks and turn the world around
      D           A
Let your love lay me down
             Em          D            A
And when the night is over there'll be no sound
 A                              Em
Lock the box and leave it all behind
      D             A
On the backseat of my mind
             Em          D          A
And when the night is over where will I rise?

F                G                 A
What if I'm already dead, how would I know?
F                G                 E             A
What if I'm already dead, how would I know...

A                               Em
Lost inside my head behind the wall
         D          A
Do they hear me when I call?
             Em          D          A
But when the night is over where will I fall?
             Em          D          A
And when the fight is over where will I fall?

F                G                 A
What if I'm already dead, how would I know?
F                G                 E
What if I'm already dead, how would I know...

  A                                  Em
Stop the clocks and turn the world around
      D           A
Let your love lay me down
             Em          D            A
And when the night is over there'll be no sound
             Em          D            A
And now the night is over there'll be no sound
             Em          D          A
And now my fight is over there'll be no sound...
