

Oasis - Talk Tonight

```
Intro: Em A C G A C
Sittin'on my own
Chewin'on a bone
A thousand million
Miles from home
When something hit me
Somewhere right betwwen the eyes
Sleppin' on a plane
You know you can't complain
You took your last chance
Once again
      G
I landed, stranded
Hardly even knew your name
(Chorus)
                  G D2 Em
I wanna talk tonight
C G D2 Em
Until the mornin' light
              C G D2 Em
'Bout how you save my life
You and me see how we are
                 A C
You and me see how we are
(Intro) Em A C G A C
All your dreams are made
Of strawberry lemonade

And you make sure
I eat today
You take me, walking
To where you played
When you were young
I'll never say that I
Won't ever make you cry
And this I'll say
I don't know why
      G
I know I'm leavin'
But I'll be back another day
(Chorus)
