# Oceans - Cold Ain't For Me

```
                           tom:
                G

         [Verso 1]

                    Em      C              D
It was a summer night Such a perfect day
G                   Em    C   D           G
We were so laid back Just watching the waves
           Em    C           D  G          Em
It was our time There was no rain We would just love
C                    D        Em           C
Then do it all again The sun set for the last time
         D            G        Em              C
Oh I hate to say goodbye cause we had such a good time
         D            G
Here's a toast to the good life

[Refrão]

Em               C              D           G
I can't stop thinking bout the sand in my feet
Em       C           D           G
I got a heartache cause cold ain't for me
Em           C           D           G
I wish my worries would wash into the sea
Em               C           D           G
cause it's far too cold darling cold ain't for me
