 When I came to it was you talking to me  
 D A Em  
 Dialect in a mess but you had this tone

 Sounded like a please, please baby

 Anticipation took over the conversation  
 Em G  
 Snap back, are you still with me honey?

 I missed what you said but I think I know  
 Em G  
 How can I put this to you plainly  
 D A Em  
 It really feels like we've been here before

 Let me down easy baby, lay me down on the forest floor  
 Em G D A Em  
 Let me down easy baby, lay me down on the forest floor

D A Em  
 Away from town where's there's no one around  
 Em G D  
 The bed's already made, the blue's below  
 A Em  
 The water runs and the suns aglow  
 Em G  
 And shimmering in the river cold  
 D A Em  
 I jump in fast, from a height I fall  
 Em G  
 And come on out to heated stone  
 D Gb G  
 With you right there and we're all alone

[Ponte]

G D  
 And the world folds over  
 A Gb G  
 Edges align and we're in that form  
 G D  
 Everything gets bolder  
 A Gb  
 Sounds filter in like they were just born  
 G D  
 Time takes a back seat, calling  
 A Gb G  
 Through the light softly the colors storm  
 G D A  
 And we both come falling

[Refrão 3]

 Let me down easy baby, lay me down on the forest floor
