Em Dm
It's for certain, summer's outside

That's why we're dancin' (uh, uh, uh, uh)

B7
(Uh, uh, uh, uh, uh) Look at what we lost, baby (oh, yeah)

Em Dm
Somewhere else, don't wanna be nowhere else

Am
I got it all, all (uh, uh, uh)

Right here

B7 Em
That's my obsession with you

Dm
Always feels brand new

Am
There ain't nothin' better now

Name me something better now

B7 Em
(You're my own)

Dm
Always feels brand new

Am
There ain't nothin' better now

B7 Em
Name me something better now

Uh, got your name, right

Heading back to your place (uh)

Dm
I done fell in love with your taste (uh)

Am
Never get enough of your fragrance

If it's a slow thing, no thanks

Unless it's a lips and slow dance

'Cause I've been holdin' it down

So now that you're here

B7 Em

You've got to, stay with me (stay with me)

Now that I got you all to myself

Dm
That's why you gotta stay with me (stay with me)

I can't imagine you so far out

Am
Like I said, you're the soundtrack

Bring me back in focus

For London summer's banded

B7 Em
You sure as hell don't find me around

Dm
Always feels brand new

Am
There ain't nothin' better now

B7 Em
Name me something better now

Dm
Always feels brand new

Am
There ain't nothin' better now

I'm missing on your touch

Oh, all I wanna do, all I wanna do

B7 Em
Go baby, go baby

All I wanna do, all I wanna do

Go baby, go baby (always feels brand new)

Dm
All I wanna do, all I wanna do

Go baby, go baby (there ain't nothing better now)

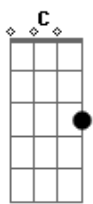

Am
All I wanna do, all I wanna do

Go baby, go baby (name me something better now)

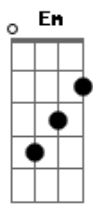

All I wanna do, all I wanna do

B7 Em
Go baby, go baby
