

# Of Mice & Men - Sunflower

Tom: G

When do you see it all around you  
 When you fight the light that makes you bloom  
 Before you break  
 And petals start to fall around  
 And I will be the one to catch them when you are crashing down  
 Can you break away from it all?  
 Can you break away from it all?  
 Before it drags you under  
 ( Ab C Ab )

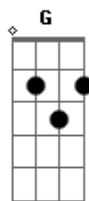

Stay, you'll feel it all around you  
 When you find a way to make it through  
 Cross the line

Don't find yourself in need of rescue  
 I can't be the one to catch you

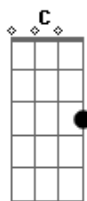

Can you break away from it all?  
 Can you break away from it all?  
 Before it drags you under  
 Break and separate  
 Break and separate  
 Break and separate  
 Break and separate  
 Break and separate  
 Break and separate

Can you break away from it all?  
 Can you break away from it all? (break and separate)  
 Can you break away from it all? (break and separate)
