    D
  Won't you look inside my silly eyes
A
  Tell me everything you have inside
Em
  Don't you be afraid of what I'll say
G
  I will never judge you my old friend

D
  Yes I understand the way it goes
A
  No you're not the only one I know
Em
  Even if you wanted it's too strong
G
  No you never really had a choice

A                                         Em

  So draw yourself a hero with no name
G
  Try to fool yourself and all the game
D

A             Em
  But you are so damm high
     G
  Remember that you're selling

D

A                   Em

D
Cry
A
  All of your glories

You wanna go there, You'll never hide it

You're rolling and still hoping

that you never really broke it
              A
Yeah you're trying to survive
                         Em
It's all inside your book of rules
