This is a really cool egyptian/arabian song and its not  
 tabbed here. so...  
 I've very kindly spent time to set this up so you can  
 understand.  
 There's two guitars. One main one and the high pitched squeaky Both Guitars together  
 one in the  
 background. The hammer ons and pull offs are optional. Just a   Guitar 1  
 suggestion.

Guitar 2

thats about it i think. if you didn't understand it then e-  
 mail me
