

# The Offspring - Jennifer Lost The War

Tom: **Gb**

Riff 2 -- This is played after the first chorus  
Play it fast, it's hard to tell the first part of it, but even  
if you ca  
play it, mess around in an **E** blues scale, and it'll sound  
fine.

) )

Riff 3 -- This is played after the second chorus  
This is all I could make of it, you'll have to play it at  
lightning spee  
and even then it sounds wrong. At least it doesn't last very  
long :)

Riff 4 -- This is played after the bridge, it's kinda cool,  
just bend th  
lower string up to the point where it matches the pitch of the  
upper str

Riff 5 -- This is played at the end of the song, it's a nice  
ending

The little intro thing is E(hi) **D** C#, **D** **Db** B

## Acordes
