

The Offspring - Rise And Fall

Tom: A
Intro:

This time you're really dead

Once followed, but always led

You thought you'd rise above it all

It's all inside your head

All ripping it up in shreds

I know someday you're gonna fall

And I don't wanna say I told you so

But I told you so

Now you've lost control

And I don't wanna be the rise and fall

So gimme more or nothing at all

D A D A E A G A

You're in an awful way

Sucked in by what you crave

They just can't wait to see you crawl

And you can only laugh

Give in to the other half

They're only tearing down your walls

And I don't wanna say I told you so

But I told you so

Now you've lost control

And I don't wanna be the rise and fall

So gimme more or nothing at all
