verso

Goodbye my friend, you've messed up again
You're going to prison, you're off to the pen
You've gotten off easy so many times
But I guess no one told you how to get a life
The judge wasn't lenient like he was before
You got three to five and a kick out the door
The public defender really did try
Too little, too late, you didn't get a life

refrão

Hey, in Walla

I'll see you in Walla Walla

Slap on the wrist? Well, not this time

Hey, in Walla

I'll see you in Walla Walla

Folsom prison is the destination

Hey, in Walla

I'll see you in Walla Walla

Slap on the wrist? Well, not this time

In the scheme of life, we're all just brothers

Rehabilitate with all the others

Well, I'll see ya

Verso

That car looked so tempting, so easy to drive

Just like that apartment that you burglarized

You started to run, but didn't get far

Cause under your arm was a VCR

Ho ho, not this time my friend

You'll be in lockdown by ten

I'm afraid you can't talk your way out of this one, son

Refrão

Hey, in Walla

I'll see you in Walla Walla

Slap on the wrist? Well, not this time

Hey, in Walla

I'll see you in Walla Walla

Folsom prison is the destination

Hey, in Walla

I'll see you in Walla Walla

Slap on the wrist? Well, not this time

In the scheme of life, we're all just brothers

Rehabilitate with all the others

Well, I'll see ya

Have a nice life
