Bm Em  
You walk around the town like you born in a golden crown  
Am  
You're speaking with the angels loud but no one understands ya'  
Bm Em  
You got the sharpest bite as any killer sharper might  
Am  
And you control the what I like, the does, the doesn't matter

Bm Em  
You're so full of it  
Am  
And we're so sick of it  
Bm Em  
You're so full of it  
Am  
And we're so sick of it

Bm Em  
'Cause it's all about you  
Am  
It's all about you  
Bm Em  
It's all about you  
Am  
It's all about you

Bm Em Am

Bm Em  
You say it's not enough, you're sipping from a silver cup  
Am  
But it's the how she brought you up, to blame the hand that feeds ya'  
Bm Em  
You counting green at night but blessings you will never find  
Am  
You only seek to undermine, you only seek to never die

Bm Em  
You're so full of it  
Am  
And we're so sick of it  
Bm Em  
You're so full of it

Am  
And we're so sick of it  
Bm Em  
'Cause it's all about you  
Am  
It's all about you  
Bm Em  
It's all about you  
Am  
It's all about you  
Bm  
And every time you get stars in your eyes  
Em  
And the planets align in the centre  
Bm  
Wishing the luck to the walls in the wild  
Em  
And you're out of your mind at the effort  
Bm Em  
We see him coming, we see another  
Bm  
Fooling himself in the mirror  
Bm  
Where is your heart? Where is the truth?

Bm Em  
When it's all about you  
Am  
It's all about you  
Bm Em  
It's all about you  
Am  
It's all about you  
Bm Em  
You're so full of it  
Am  
And we're so sick of it  
Bm Em  
You're so full of it  
Am  
And we're so sick of it all  
Bm Em  
'Cause it's all about you  
Am  
It's all about you  
Bm Em  
It's all about you  
Am  
It's all about you
