

Oh Wonder - Dazzle

Tom: Ab

(com acordes na forma de Capostrate na 1ª casa Intro: C Em G Am

You got diamonds in your eyes tonight
throwing fire, trying to make it right
you're getting higher than the ceiling lights
and fall in hard enough to lose the fight
not in it for the money, just in it for the thrill
living in the moment, paying for the kill
golden grill of sadness, mid-life wasting youth
always ends up like this
always gonna lose

Refrão:

dazzle me, dazzle me
dazzle me with gold
you'll never be what you wanna be
with all that money, that money
dazzle me, dazzle me
throw away your gold
you'll never be what you wanna be
with all that money, that money

(C Em G Am)

there's a human in your heart of hearts
hiding true colors made you fall apart
in the mirror you're a work of art
but this is real life, real life
not in it for the money, just in it for the thrill
living in the moment, paying for the kill
golden grill of sadness, mid-life wasting youth

always ends up like this
always gonna lose

Refrão:

dazzle me, dazzle me
dazzle me with gold
you'll never be what you wanna be
with all that money, that money
dazzle me, dazzle me
throw away your gold
you'll never be what you wanna be
with all that money, that money
give me neon lights, roll me paper highs
I can feel the dice, cooling me
see the plastic life through my bloodshot eyes
I am a wild alive
I am a wild alive

not in it for the money, just in it for the thrill
living in the moment, paying for the kill
golden grill of sadness, mid-life wasting youth
always ends up like this
always gonna lose

Refrão:

dazzle me, dazzle me
dazzle me with gold
you'll never be what you wanna be
with all that money, that money
dazzle me, dazzle me
throw away your gold
you'll never be what you wanna be
with all that money, that money
