

Oh Wonder - Drive

Tom: A

Bm **A**
Sat back with the window down
Gbm **E**
Eighty an hour and the radio loud
Bm **A**
The same songs with the same old rhymes
Gbm **E**
Tell me to shake it off and swing from the lights

Bm **A**
But I can't help but drive away from all the mess you made
Gbm **E**
You sent this hurricane now it won't go away
Bm **A**
And I promised I'd be there, but you don't make it easy
Gbm **E**
Darling please believe me

Bm **A**
'Cos loving you, loving you is too hard
Gbm **E**
All I do, all I do's not enough
Bm **A**
Loving you, loving you
Gbm **E**
I cannot be loving you, loving you
Bm **A**
Loving you, loving you leaves me hurt

All I do, all I do is get burnt
Bm **A**
Loving you, loving you
Gbm **E**
I cannot be loving you, loving you

Bm **A**
Count stacks of the routine lies

Gbm **E**
Funny how easy you could see my blindside

Bm **A**
Still the same songs with the same old beats

Gbm **E**
Sure I could stay but there's a place I'd rather be

Bm **A**
But I can't help but drive away from all the mess you made
Gbm **E**
You sent this hurricane now it won't go away
Bm **A**
And I promised I'd be there, but you don't make it easy
Gbm **E**

Darling please believe me

Bm **A**
'Cos loving you, loving you is too hard
Gbm **E**
All I do, all I do's not enough
Bm **A**
Loving you, loving you
Gbm **E**
I cannot be loving you, loving you
Bm **A**
Loving you, loving you leaves me hurt

All I do, all I do is get burnt
Bm **A**
Loving you, loving you
Gbm **E**
I cannot be loving you, loving you

Bm **A**
See, I remember all the times you made me covered in crazy
Gbm **E**
I can't forgot about the way you played me
Bm
Like I was never gonna change your world
A **Gbm**
It ended long ago, so please just let me go
A **E**
It ended long ago, so please just let me go

Bm **A**
'Cos loving you, loving you is too hard
Gbm **E**
All I do, all I do's not enough
Bm **A**
Loving you, loving you
Gbm **E**
I cannot be loving you, loving you
Bm **A**
Loving you, loving you leaves me hurt

All I do, all I do is get burnt
Bm **A**
Loving you, loving you
Gbm **E**
I cannot be loving you, loving you

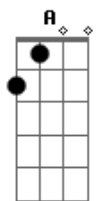

Bm **A**
Loving you, loving you

Gbm **E**
All I do, all I do

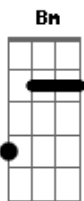

Bm **A**
Loving you, loving you

Gbm **E**
Loving you, loving you
