

Oh Wonder - High On Humans

Tom: D

Bm **A**
Sitting in the backseat, dead heat summer

Em **G**
Staring at the ground in a lucid light

Bm **A**
I can feel a heartbeat built like thunder

Em **G**
Running round my head in a holy fire

Bm **A**
Open up the doors, let me feel that zephyr

Em **G**
Freshen up the air underneath the streets

Bm **A** **Em**
Now I'm locking eyes with a silent stranger

G
Don't run, don't hide

Bm **D** **Em** **G**
And I can feel the static rising up and out your mouth

Bm **D**
We're making waves of conversation

Em **G**
Got a rush of energy

Bm **A** **Em**
'Cause I'm getting high, getting high

G
I'm getting high on humans

Bm **A** **Em**
I'm getting high, getting high

G
I'm getting high on humans

Bm A Em G

Bm **A**
Elevate the headstrong dead long halo

Em **G**
Caught up in our skin, gotta fight the grind

Bm **A**
I can make your day glow sun to rainbow

Em **G**
Colour in your step, let me lose your mind

Bm **A**
Animate the air with a stone cold question

Em **G**
Do you have the time? Do you hate your life?

Bm **A** **Em**
Now I'm locking eyes with a silent stranger

G
Don't run, don't hide

Bm D Em G

And I can feel the static rising up and out your mouth

Bm **D**
We're making waves of conversation

Em **G**
Got a rush of energy

Bm **A** **Em**
'Cause I'm getting high, getting high

G
I'm getting high on humans

Bm **A** **Em**
I'm getting high, getting high

G
I'm getting high on humans

Bm **A** **Em** **G**
Every time I meet your eyes, I can feel life come alive

Bm **A** **Em**
And I'm getting high, getting high

G
I'm getting high on humans

Bm D A G

Bm **D**
We ride up, we slide up

A **G**
We won't stop, we won't stop

Bm **D**
We ride up, we slide up

A **G**
We won't stop, no, we won't stop

Bm **D**
We ride up, we slide up

A **G**
We won't stop lighting our minds up

Bm **D**
We ride up, we slide up

A **G**
We won't stop lighting our minds up

Bm **A** **Em**
'Cause I'm getting high, getting high

G
I'm getting high on humans

Bm **A** **Em**
I'm getting high, getting high

G
I'm getting high on humans

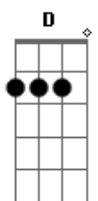

Bm **A** **Em** **G**
Every time I meet your eyes, I can feel life come alive

Bm **A** **Em**
And I'm getting high, getting high

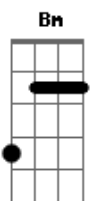

G
I'm getting high on humans

Bm A Em G
