Oh Wonder - Waste

Tom: C
Intro: Am G C F

```
        Am
There's a space in between
      G
Like a grey evergreen
           C
Where the hurt never meant
       F
Stops to linger
          Am
On the pavement below
      G
See a crack that I know
         C
All the corners of you
       F
All the bones that I knew

Am
I said I would never come back
G
Screaming at the walls in jet black
C
Hurt until my words are out flat
       F
Can I whisper it back?

        Am
What a waste, what a waste, what a waste to be so alone
   G
A waste, what a waste, what a waste to be so alone
   C                                                     F
A waste, what a waste, what a waste to be so alone
