Tom: Bb
  Bb
You're in the clouds and I'm in Alaska
Missing all the things you do
            Cdim
Da da da da, sabertooth
You're on the third floor and I'm in the attic
Wondering why I'm not with you
            Cdim
Da da da da, sabertooth
                                  Dm
Cause you're my little foggy-eyed sabertooth tiger
                                Cdim
Tell them that you're only mine and we'll take Alaska
                               Dm
Tell them that you're only my, my sabertooth tiger
                              Cdim
Darling you're one of a kind, I gotta tell ya
( Bb Dm Cm Cdim )
Your dog got taken, my cat got ran over
Isn't that the way it goes
            Cdim
Da da da da, sabertooth
I am the driftwood you are the fire
At least until we turn to dust
           Cdim

It's a long way down when you're in the clouds and I'm in
